

Camp of the Cross Ministries

COVID 19 rules and procedures

Staff

1. 14 days before their arrival, they will be asked to begin to daily take their temperature and monitor their health for the signs of COVID 19.
2. Upon the arrival on site for the first time the following will be documented. This will be completed by a licensed health professional using a form developed from the Health Department.
 - a. Temperature taken
 - b. Have they had a fever in the last week?
 - c. Sore Throat in the last week
 - d. Respiratory issues in the last week
 - e. Vomiting or diarrhea in the last week
3. The above information will be documented every morning by a designated staff person.
4. Only temperatures will be documented every evening by a designated staff person.
5. Staff will be placed in “pods”. Each pod will not exceed 10 members.
6. These pods will remain a pod the whole-time during staff training. Interaction with other pods will be done via social distancing or wearing masks.
7. Activities (chapel, staff training, campfires) will also be via social distancing or wearing masks.

Campers

1. 14 days before their arrival, they will be asked to begin to daily take their temperature and monitor their health for the signs of COVID 19.
2. Upon the arrival on site for the first time the following will be documented. This will be completed by a licensed health professional using a form developed from the Health Department.
 - a. Temperature taken
 - b. Have they had a fever in the last week?
 - c. Sore Throat in the last week
 - d. Respiratory issues in the last week
 - e. Vomiting or diarrhea in the last week
 - f. Have you or an immediate family member traveled out of the country in the last month
3. The above information will be documented every morning by a designated staff person.
4. Only temperatures will be documented every evening by a designated staff person.
5. Campers will be placed in “pods”. These will be called “cabins” at CCM. Each cabin will not exceed 10 members.
6. These cabins will remain a cabin the whole time during the camp week. Interaction with other cabins will be done via social distancing or wearing masks.
7. Activities (chapel, staff training, campfires) will also be via social distancing or wearing masks.

Meal-Times

1. Upon entering the Fellowship Center every camper, staff person and volunteer will use the hand sanitizer station. Everyone will enter the building wearing a mask.
2. Cabins and staff will be seated at tables of no more than 10 people and each table will be at least 6’ a part.
3. Meals will be served family style or buffet style. If they are being buffet style, every person will wear a mask into to be served. No person will enter the kitchen unless they are an authorized staff member approved by the Food Service Manager.
4. Meals will be brought to each table by a staff person wearing a mask and wearing gloves or served accordingly.
5. Designated staff will clean up after each meal.

Restrooms and Shower Facilities

1. As a camper, staff person or volunteer is entering one of these areas they will use hand sanitizer.
2. If they are using the toilet or urinal, sanitizing supplies will be available for them to clean it before they use it.
3. After using the toilet or urinal, they will wipe down the area again.
4. If they are showering, they will do the same as they would with the toilet and urinal before and after its use.
5. Hand washing will be required every time they use these facilities. Instructions will be placed at each hand washing station. All campers, staff and volunteers will have an orientation in washing hands upon arrival.
6. Upon exiting, they will use hand sanitizer again.
7. ALL restrooms and shower facilities will be cleaned 3 times a day by designated staff.

Activities

1. When cabins or pods come together for activities such as “all camp games”, chapel and campfires they will either social distance from each other or they will be wearing masks. If it is not possible to social distance during the event, they will wash their hands after each event.
2. Activities such as archery, Ga Ga ball, crafts, etc. will be only by cabins or pods. Designated staff will make sure that what can be cleaned will be sanitized when each group leaves.

Registration Day

1. Parent(s)/Guardian(s) will be instructed ahead of time via mail that they will be not able to tour or walk around the property and facilities.
2. They will arrive at designated times assigned to their camper.
3. Upon arrival at camp, they will begin a registration process in their cars by driving through a set up course.
 - a. Ga Ga Pit- Licensed Health Professional Assessment and Executive Director and or his/her designee check in
 - b. Registrar check in
 - c. Health Officer check in
